Brainstorm Ideas

- I created an app called, time management, where the user is allow to sign up or create to mange meant into the app and list there tasks.
- Allows you to accomplish bigger results in a shorter period which leads to more time freedom, helps you focus better.
- Allows you to be more productive, lowers your stress and gives you more time to get things done.

account create

app where any ages are likely allow to sign into the pag and productive user people who doesn't like wasting time time on one thing and getting things done and having fun and help manage time. -by Atal Bansal
